

LogiMAT Daily 2026

The official trade fair newspaper

The official trade fair newspaper "LogiMAT Daily" (in German language and partially English) is published on each day of the trade fair LogiMAT distributed to trade visitors. It provides a summary of the previous day at the fair and informs readers of the current day's programme. Trade topics, interviews and impressions of the fair are the main focus of the newspaper.

The LogiMAT Daily is an up-to-date companion that no trade fair visitor should be without.

➔ Your advertisement will appear in all three issues of the trade fair newspaper.

We wish to book the following advertisement
(please tick boxes for size and rate in Euros)

Printing documents:

Please send your print document as a PDF file (maximum pdf 1.3) for newspaper printing.

Colour space: Printing is done in accordance with the Euro scale in process standard (C, M, Y, K). Please do not use any additional colour channels or spot colours in your document. Please make sure that there are no pictures in RGB or Lab colour space integrated in your documents. Duplex colours cannot be processed. HKS/Pantone special colours will be converted to 4c in the workflow.

Profile: You can download **ISOnewspaper 26v4.icc** free of charge at: www.ifra.de

By using this profile your data will be optimally separated for the newspaper printing process.

Proof: An accurate printed colour reproduction can only be guaranteed with an Ugra/ Fogra media wedge proof (newspaper printing profile ISOnewspaper26v4). A coloured proof can only serve to check the artwork supplied.
