International Trade Show for
Intralogistics Solutions and Process Management
March 16–18, 2027 | Messe Stuttgart

Munich, September 15, 2026

Press Release

LogiMAT to remain in Stuttgart until 2031

EUROEXPO and Messe Stuttgart extend their long-standing partnership / Stuttgart confirmed as venue for a further five years

EUROEXPO Messe- und Kongress-GmbH and Messe Stuttgart have extended their long-standing partnership for a further five years. This means that LogiMAT, one of the world's leading trade shows for intralogistics solutions and process management, will remain in Stuttgart until at least 2031.
The agreement underlines the importance of LogiMAT for the logistics sector and for Stuttgart as a trade fair venue. The event has continued to evolve since its debut in 2003. Today, it brings together companies from across the entire intralogistics value chain with trade visitors from industry, retail and the service sector. The focus of the trade fair is on the latest solutions and technologies for efficient, connected and sustainable logistics processes. In 2027, LogiMAT will celebrate its 25th anniversary in Stuttgart.

"LogiMAT is one of the most important events in our portfolio. We are therefore delighted to be able to continue our successful partnership with Messe Stuttgart and to continue offering the sector an effective platform in the future", says Christoph Huss, Managing Director of EUROEXPO Messe- und Kongress-GmbH. "The Stuttgart location is ideal for LogiMAT – thanks to its modern infrastructure, excellent transport links and proximity to numerous major industrial and technology centres."
Michael Ruchty, Exhibition Director of LogiMAT in Stuttgart, adds: "LogiMAT thrives on the close interaction between the exhibiting companies, the trade visitors and the numerous industry experts in attendance. Our aim is to keep developing LogiMAT over the coming years and to further strengthen its position as the leading platform for innovations, trends and real-life solutions across the logistics process chain."

LogiMAT 2026 achieves record figures

The event in March 2026 demonstrated just how significant LogiMAT has become. According to EUROEXPO, the trade fair achieved new record figures in terms of the number of exhibiting companies, net exhibition space, the level of international participation and the number of trade

visitors. Over the three days of the trade fair, a total of 69,856 trade visitors attended the Stuttgart Trade Fair Centre.
LogiMAT thus reaffirmed its role as the key industry meeting point for the international logistics and intralogistics sector. The trade show provides a forum for face-to-face exchange, the presentation of new technologies and the transfer of knowledge on topics that are currently of particular concern to businesses – including the ongoing digitalisation of logistics processes, automation, efficient material flows and the growing need for resilient supply chains.
"The extension of our partnership with EUROEXPO is a strong sign of the trust and shared success we have achieved in Stuttgart over the past decades. Our international cooperation in relation to LogiMAT China also demonstrates just how successfully the partnership has developed", says Stefan Lohnert, President of Messe Stuttgart. "LogiMAT has established itself as a key meeting point for the logistics sector. We are proud to continue hosting this influential trade show at Messe Stuttgart in collaboration with our partner and to play an active role in its development."
For Messe Stuttgart, the extension of the agreement also serves as confirmation of its status as a high-performing venue for international trade fairs that are highly relevant to their respective industries. With its multi-purpose halls, modern infrastructure and direct links to the airport, the motorway and local public transport, the trade fair centre is ideally suited to events of international scope.

The next LogiMAT will be held at Messe Stuttgart from 16 to 18 March 2027.

About LogiMAT
LogiMAT, the International Trade Show for Intralogistics Solutions and Process Management, will return next year to the Messe Stuttgart convention center, directly adjacent to Stuttgart International Airport, March 16–18, 2027. Presented by EUROEXPO Messe- und Kongress-GmbH, LogiMAT ranks as the world's largest trade show for intralogistics solutions with a complete market overview of everything driving the intralogistics industry, from procurement to production to shipping. International exhibitors showcase innovative technologies, products, systems, and solutions for streamlining operations, optimizing processes, and cutting costs in a company's internal logistics. Beyond the exhibitor booths, visitors can also experience a different program of presentations each day plus live events covering a wide range of topics.

LogiMAT also has a presence in various international markets. Upcoming events:

LogiMAT India: February 8–10, 2027 | Bombay Convention & Exhibition Centre, Mumbai
LogiMAT China: April 21–23, 2027 | SZCEC, Shenzhen

About Messe Stuttgart
Messe Stuttgart is one of the leading trade fair companies in Germany. With its superb infrastructure and unique location directly next to Stuttgart Airport, its public transport connections and proximity to the A8 motorway, it is an international meeting point for different industries and markets. The trade fair grounds cover around 120,000 square metres of indoor space and 40,000 square metres of outdoor space, thus providing the ideal setting for successful events. The connected ICS International Congress Center Stuttgart supplements the offering with 33 rooms that can be used flexibly. Messe Stuttgart organises trade fairs both in Germany and abroad. With four subsidiaries, around 20 international representatives and a large number of sales partners, Messe Stuttgart has a presence in more than 50 countries. The leading in-house and guest events held at the Stuttgart venue include CMT, R+T, INTERGASTRA, AMB, LogiMAT, VISION and südback.
